E. GENERAL PROGRAM DESCRIPTION.

Early Light Academy Charter School is located at 11709 S. Vadania Dr. in South Jordan, Utah and sits on about 5.5 acres of land. The campus now includes three buildings totaling approximately 120,000 square feet and housing a gymnasium, cafeteria with serving area, library, administrative offices and faculty workrooms, 44 classrooms including one computer lab/business education room, eleven break-out rooms, special education office and therapy and instructional rooms, and a separate Middle School building for grades five and six as well as a Junior High building for grades seven through nine. Grounds include a

regulation-sized soccer field, landscaped areas and greenhouse. Early Light Academy Charter School was originally designed to accommodate an enrollment of 675 students in grades K-8 which has been expanded now to 1,000+ students grades K-9.

The construction of the new Jr. High building completed in the summer of 2015 included a full-sized auditorium and theater, complete with orchestra pit and black-box theater which doubles as a performance venue and classroom. This addition to Early Light provides a comfortable space for school assemblies and gatherings as well as a place to showcase the school's performing and visual arts programs. It also provides the space and facility for community productions that bring in rental income and increase community partnerships.

The Utah Core Curriculum is the foundation for the curriculum in all grade levels, with core instructional programs and methods and supplementary materials selected that support the Utah Core Standards, reviewed and updated as needed in order to stay current with the Core.

Early Light Academy Charter School was founded by a group of parents all sharing a desire to be more intimately involved in their children's education. Each of the founding members served on a school community council, sharing commonalities in how they would like to have had a greater voice in the decisions that are made regarding the education of their children. Founding members selected a balanced literacy design for language arts including leveled and guided reading instructional methods as well as grade level math with time scheduled for math enrichment as an integral part of the curriculum and means of delivering that instruction. Instructional design also includes the use of computer technology with Smart Boards, flat-screen televisions with Apple TV technology and iPads with instructional applications to expand teacher and student access to resources and better presentations and to enhance learning.

The Governing Board at Early Light Academy Charter School believes strongly that an annual self-improvement plan is essential to improving the education program. Each year the Board assesses Early Light Academy Charter School's performance as it relates to academic performance, its vision, and state-mandated high-stakes testing, with self-assessment driving the goals and objectives for each annual improvement plan.

## **II. IDENTIFICATION, LOCATION, AND EVALUATION OF STUDENTS SUSPECTED OF HAVING DISABILITIES**

### **A. CHILD FIND. 34 CFR §§300.101, 111; USBE SER II.A.**

Early Light Academy Charter School has policies and procedures to ensure that all students with disabilities enrolled in the grades the school serves, including students who are highly mobile, students who have been suspended or expelled from school, students who have not graduated from high school with a regular high school diploma, and those who are suspected of being a student with a disability and who are in need of special education or special education and related services even though they are advancing from grade to grade, students in State custody/care, students in nursing homes, and regardless of the severity of the disability, are identified, located, and evaluated. This includes a practical method for determining which students are currently receiving needed special education or special education and related services.

### **B. CHILD FIND PROCEDURES. 34 CFR §§300.131; USBE SER II.A.4.**

Early Light Academy Charter School conducts the following procedures to ensure that students suspected of having a disability are identified and located:

1. Finding students who have been receiving needed special education or special education and related services.
  - a. The enrollment application includes questions about whether a student has received special education or special education and related services in the previous school or educational program.
  - b. Parents are asked during registration if the students received any services beyond the general program in the previous school.
  - c. If parents respond in the affirmative, a phone contact is made with the previous school to locate the special education records.
  - d. Early Light Academy Charter School follows all the procedures detailed on the In-State and Out-of-State Transfer Student Checklist of the USOE.
  - e. For students entering kindergarten, additional procedures are in place as part of the annual kindergarten screening/round-up which will include but not be limited to vision and hearing screenings, and math and reading readiness skills assessment.
2. In identifying and locating students who are suspected of having a disability but have not been previously identified or determined eligible for special education or special education and related services, Early Light Academy Charter School implements the following procedures:
  - a. Annual training of all staff on the Child Find obligation and how to be alert for observed behaviors that suggest a suspected disability.

- b. Notice in a student or parent handbook of the referral procedures and of the availability of services for eligible students with disabilities.
  - c. If a parent or staff member is concerned about a student, that parent or staff member is referred to the Teacher Assistance Team (TAT, described below) who will review student data and recommend appropriate interventions. Review of student progress will be monitored to determine if interventions implemented by the classroom teacher with support from the grade level team have been sufficient to address the concerns. Parents will be kept informed about the progress noted during these pre-referral interventions. Additional interventions may be suggested.
  - d. After an appropriate interval of time, typically 4-6 weeks, the TAT, together with the referring parent and staff member, will determine whether or not to make referral for special education evaluation.
- 3. Early Light Academy has no responsibility for Child Find for homeschooled or private school students.
  - 4. Early Light Academy does not refer its own students to the local school district for Child Find.

C. REFERRAL. 34 CFR §300.301; USBE SER II.B

Procedure: When a parent or staff member suspects a student may have a disability, the following referral procedure is implemented:

- 1. The parent or staff member who has identified the concern, immediately completes student support form (the pink form) and also completes the student support form online which goes to the TAT (The TAT chairman will complete the online form for parents and give the pink form to the classroom teacher to be attached to intervention documentation.)
- 2. The classroom teacher contacts the school instructional coach who makes an appointment with that teacher to come into the classroom to observe the student and Tier 1 instruction and interventions already in place; additional suggestions may be provided in written form at this time.
- 3. Teachers document the results of Tier I classroom instruction and additional Tier 2 interventions and bring continuing concerns to their grade level PLC meeting to gather suggestions for additional Tier 2 and 3 interventions.
- 4. If the student does not make adequate progress, the teacher may then make an appointment to meet with the Teacher Assistance Team (TAT), which includes representations from administration, regular classroom teachers and special education personnel. Members of the TAT will review the interventions implemented and the documented results and either recommend additional interventions or an immediate referral for Special Education evaluation.

5. If additional interventions are recommended, the classroom teacher will take suggestions of the TAT and implement them as well, along with other effective interventions already in place and will then provide documentation of the results in a return appointment to TAT where a recommendation will be made to either maintain current placement in the regular classroom if progress made is sufficient to assure student success, consider a possible 504 if there are eligible criteria for that plan, or move to a Special Education referral for evaluation.
6. Note: Pre-referral interventions may not be used to substantially delay an evaluation for eligibility.
7. The school personnel who are making the referral or are acting in behalf of the parents will provide the Special Education Department representative at the TAT meeting with the documentation of all interventions, including documentation of contacts with the parents about the concerns regarding the student's educational performance and also contacts the parents to let them know the referral for evaluation has been made.
8. The Special Education representative uses the information provided to complete a referral form which is then given to the principal, who reviews existing data including pre-referral intervention results and determines if the referral should go forward for a full evaluation. If it is decided that the evaluation should take place, the principal assigns a staff member to oversee/conduct the evaluation, including obtaining parental consent for that evaluation.
9. If the referral is not going to result in a full evaluation, the principal instructs the special education director to send the parent a Written Prior Notice of Refusal to take the action of conducting an evaluation.
10. Early Light Academy Charter School responds to each request for evaluation within a reasonable timeframe.

Note: Each school district and charter school shall provide an initial special education assessment for children who enter the custody of the Division of Child and Family Services (DCFS), upon request by that division, for students whose school records indicate that they may have disabilities requiring special education services. This assessment shall be conducted within 30 calendar days of the request by DCFS. 53A-15-304.5

#### D. EVALUATION.

1. Parental Consent. 34 CFR §300.300; USBE SER II.C.

Prior to initiating a full and complete individual evaluation, Written Prior Notice (WPN) and consent from the parents(s) of the student is required and obtained.

- a. The consent informs the parent that the evaluation is being proposed because the student is suspected of having a disability that adversely affects the student's educational performance and that the student may be eligible for special education and related services.

- b. The consent form indicates the areas in which the evaluation team will conduct tests or utilize other assessment tools or methods with the student.
  - c. Reasonable efforts to obtain parental consent are made and documented by Early Light Academy.
  - d. For initial evaluations only, if the student is a ward of the State and is not residing with the student's parent(s), Early Light Academy Charter School is not required to obtain informed consent from the parent if, despite reasonable efforts to do so, Early Light Academy cannot discover the whereabouts of the parent(s); the rights of the parent(s) of the student have been terminated in accordance with State law; or the rights of the parents to make educational decisions have been subrogated by a judge in accordance with State law and consent for an initial evaluation has been given by an individual appointed to represent the student.
  - e. If the parent(s) of a student or an adult student enrolled in public school or seeking to be enrolled in public school does not provide consent for initial evaluation, or fails to respond to a request to provide consent, Early Light Academy Charter School may, but is not required to, pursue the initial evaluation of the student by utilizing the Procedural Safeguards or the due process procedures in the USBE SER IV.I-P. Early Light Academy does not violate its obligation under Child Find provisions of USBE SER IV if it declines to pursue the evaluation by utilizing the Procedural Safeguards or the due process procedures.
2. When conducting psychological evaluations, Early Light Academy Charter School implements the parental or adult student consent requirements of UCA 53A-13-302 (Utah FERPA).
  3. Parental consent is not required before administering a test or other evaluation that is given to all students (unless consent is required for all students) or before conducting a review of existing data. Neither is it required for screening activities such as visits to the classroom by the special education teacher, psychologist, SLP or OT.
  4. Written Prior Notice. 34 CFR §300.503; USBE SER IV.D.  
  
The parent(s) of the student is given Written Prior Notice (WPN) that the evaluation will be conducted. (See Section IV.C of this Policy and Procedures Manual for required components of Written Prior Notice.) Written Prior Notice is embedded in Early Light Academy Charter School's Consent for Evaluation form.
  5. Parental consent for evaluation is not construed as consent to provide special education or special education and related services.
  6. Early Light Academy Charter School does not use parent(s)'s refusal to consent to one service or activity to deny the parents(s) or student any other service, benefit or activity of Early Light Academy Charter School.
  7. Initial Evaluation. 34 CFR §300.301; USBE SER II.D.

- a. When the signed parental consent or refusal of consent for evaluation is received at Early Light Academy Charter School, the special education teacher writes the date it was received on the form to document the beginning of the timeline for the evaluation.
  - b. Early Light Academy Charter School completes all evaluations within 45 school days of receiving the consent, unless the initial evaluation was requested by DCFS, in which case it is conducted within 30 calendar days. UCA 53A-15.304.5. The 45 school day timeline does not apply if the parent fails to produce the student for the evaluation.
  - c. If the student enrolls in Early Light Academy Charter School after the timeframe has started in a previous LEA, Early Light Academy Charter School must make sufficient progress to ensure prompt compliance in accordance with a written agreement with the parent as to when the evaluation will be completed.
8. Evaluation process. 34 cfr §300.304; usbe ser ii.f

a. Review of Existing Data.

When conducting an initial evaluation (when appropriate), the assigned case manager gathers existing data about the student’s educational performance for the evaluation team to consider. This may include student records of grades, courses completed, statewide test results, school-wide test results, classroom assessments, teacher interviews, parent(s) input, observations, notes in the student’s cumulative file, and other available information.

a. Administration of Additional Assessments.

Early Light Academy uses a variety of assessment tools to gather relevant functional, developmental, and academic information about the as part of a full and individual initial evaluation, as indicated on the Consent for Evaluation form. This information may assist the Eligibility, in order to determine eligibility Team in determining whether student is a student with a disability. Also, the information informs the IEP Team of the student’s educational needs, including information relating to enabling the student to be involved in and make progress in the general education curriculum. Finally, the information supports the development of the contents of the IEP.

b. The test administration follows all of the requirements of the USBER SER II.F including:

- 1) Use of a variety of assessment tools and more than one procedure tailored to assess specific areas of educational need and not merely those that are designed to provide a single general intelligence quotient;
- 2) Use of technically sound instruments that may assess the relative contribution of cognitive and behavioral factors in addition to physical or

developmental factors and consider the publication date and continued validity of assessments in use when new editions are published;

- 3) Selection of tools that are not discriminatory on a racial or cultural basis;
  - 4) Administration in student's native language or mode of communication and in the form most likely to yield accurate information on what the student knows and can do academically, developmentally, and functionally, unless it is clearly not feasible to do so;
  - 5) Administration of assessments to address specific areas of concern identified by the evaluation team including the parent(s);
  - 6) Use of assessments for the purposes intended and in accordance with the publisher's administration standards
  - 7) Selection, administration and interpretation by trained and knowledgeable personnel in accordance with any instructions and administrator requirements provided by the producer of the assessments and the Standards for Educational and Psychological Testing (AERA, ACA, NCME, 2014);
  - 8) Administration of psychological testing and evaluation of personal characteristics, such as IQ, personality, abilities, interests, aptitudes, and neuropsychological functioning only by personnel who have been trained and fully meet the administrator/use/interpreter qualifications of the test publisher;
  - 9) Charter school assurance and documentation that all evaluators meet the assessment publisher's administrator/interpreter/user requirements for all assessments (e.g. appropriate degree, higher education coursework in tests and measures, and supervised practica);
  - 10) Use of tools that assess what they purport to measure and not just the student's disability
  - 11) Assessment in all areas related to the student's suspected disability; and
  - 12) Comprehensive assessment, not just in areas commonly associated with the specific disability;
- d. Specific Categorical Evaluation Requirements.

Evaluations for students suspected of having a disability in each of the 13 areas of disability include the requirements for evaluation procedures and assessment of student performance in specific areas identified in USBE SER II.J.1-13.

9. Early Light Academy Charter School contacts the Utah Schools for the Deaf and Blind for assistance with administering and appropriately interpreting assessments for students with visual and/or hearing impairments. USBE SER II.F.2.

E. REEVALUATION PROCEDURES. 34 CFR §300.303; USBE SER II.G.

1. Early Light Academy Charter School conducts a reevaluation of each student with a disability when the educational or related services needs, including improved academic achievement and functional performance, of a student warrant a reevaluation; or if the student's parent(s) or teacher requests a reevaluation.
2. A reevaluation may not occur more than once a year, unless the parent(s) and Early Light Academy Charter School personnel agree otherwise.
3. A reevaluation must occur at least once every three years, unless the parent(s) and Early Light Academy Charter School personnel agree that a reevaluation is unnecessary as there are data available to continue eligibility and determine the educational needs of the student.
4. When the parent(s) and Early Light Academy Charter School personnel agree that a reevaluation is unnecessary, the team must document data reviewed and used in an evaluation report and complete an eligibility determination document
5. Parental consent for reevaluations.
  - a. Early Light Academy Charter School obtains informed parental consent prior to conducting any reevaluation of a student with a disability, if the reevaluation includes the administration of additional assessments to the student.
  - b. If the parent(s) refuses to consent to the reevaluation, Early Light Academy Charter School may, but is not required to, pursue the reevaluation by using the dispute resolution procedures provided in the Procedural Safeguards, including mediation or due process procedures.
  - c. The reevaluation may be conducted without parental consent if the school can demonstrate that it made reasonable attempts to obtain such consent and the student's parent(s) has failed to respond. A written record of the attempts is maintained in the student's special education file.

F. ADDITIONAL REQUIREMENTS FOR INITIAL EVALUATION AND REEVALUATION PROCEDURES. 34 CFR §300.305; USBE SER II.H.

1. As part of any initial evaluation (if appropriate) and as part of any reevaluation, the IEP Team and other qualified professionals, as appropriate, must review existing evaluation data on the student. This review may be conducted without a formal meeting. The special education teacher/case manager may review and discuss the existing data with team members and the parent(s) individually. Existing data may include evaluations and information provided by the parent(s) of the student; current classroom-based, local or State assessments, and classroom-based observations; observations by teachers and related services providers; grades; attendance, and other information regarding the student's current educational performance.
2. The IEP Team and appropriate other qualified professionals, based on their data review and input from the student's parents, identifies what additional data, if any, are

needed to determine whether the student is or continues to be a student with a disability and the educational needs of the student, and

- a. The present levels of academic achievement and related developmental needs of the student;
  - b. Whether the student needs special education and related services; or, in the case of a reevaluation of a student, whether the student continues to need special education and related services; and
  - c. Whether any additions or modifications to the special education or special education and related services are needed to enable the student to meet the measurable annual goals set out in the IEP of the student and to participate, as appropriate, in the general education curriculum.
3. If the IEP Team and other qualified professionals, as appropriate, determine that no additional data are needed to determine continuing eligibility and student needs, the parents are given Written Prior Notice of that decision and of their right to request additional assessment.
- a. Early Light Academy Charter School then prepares a new Evaluation Summary Report, including new and previous data as appropriate, and sends a Notice of Meeting for Eligibility Determination.
  - b. At the Eligibility Team meeting, a new Eligibility Determination form is completed and signed by the participating team members, and the parents are given Written Prior Notice of that determination along with a copy of the Evaluation Summary Report and the Eligibility Determination documents. Written Prior Notice is embedded in the Eligibility Determination document.
4. If the parent requests additional assessment as part of the reevaluation, Early Light Academy Charter School obtains written parental consent for evaluation and then conducts assessment in the areas of educational functioning requested.
- a. When the additional assessment is completed, the Charter School then prepares a new Evaluation Summary Report, including new and previous data as appropriate, and sends a Notice of Meeting for Eligibility Determination.
  - b. At that meeting, a new Eligibility Determination form is completed and signed by the team to indicate participation in the meeting, and the parents are given Written Prior Notice of that determination along with a copy of the Evaluation Summary Report and the Eligibility Determination documents. Written Prior Notice is embedded in the Eligibility Determination document.
5. Evaluations before change in eligibility. 34 CFR §300.305; USBE SER II.H.6.

Early Light Academy Charter School evaluates students with disabilities before determining that students are no longer eligible for special education or special education and related services. However, an evaluation is not required before termination of a student's eligibility due to graduation from secondary school with a regular diploma, or due to the student's reaching age 22, as provided under State law.

G. EVALUATION TIMELINES. 34 CFR §§300.301, 303; USBE SER II.D., II.G.

1. An initial evaluation must be completed within 45 school days of the date the school receives parental consent for the evaluation.
2. Upon completion of the evaluation or reevaluation, the IEP Team and other appropriate professionals determine eligibility within a reasonable time.
3. A reevaluation:
  - a. May not be conducted more than once a year, unless the parent(s) and the LEA agree otherwise; and
  - b. Must occur at least once every three (3) years, unless the parent(s) and the LEA agree that a reevaluation is unnecessary.

H. ELIGIBILITY DETERMINATION.

1. Notice of Meeting.

Upon completion of the evaluation, the special education teacher or case manager arranges a meeting of the Eligibility Team at a mutually agreeable time and place. A Notice of Meeting will be sent to the parent(s) and other members of the team stating the meeting purposes, time, place, who is expected to be in attendance, and informing the parent that they may bring others who have knowledge or special expertise about the student to the meeting.

2. Evaluation Summary Report.

The special education case manager collects all of the results of the evaluation, and writes a summary report of the evaluation information. This Evaluation Summary Report is included in Early Light Academy Charter School's Eligibility Determination document for each disability category.

3. Eligibility Team Membership.

The Eligibility Team shall include a group of qualified professionals and the parent(s). In Early Light Academy Charter School, this may include the special education teacher, general education teacher, speech-language pathologist, school psychologist, occupational therapist, physical therapist, a representative of the LEA and others who have conducted parts of the evaluation, as appropriate.

4. Eligibility Categories, Definitions, and Criteria.

Early Light Academy Charter School has adopted the definitions, evaluation requirements, and eligibility criteria in USBE SER.II.J.1-13.

5. Specific Learning Disability (SLD).

For the category of Specific Learning Disability (SLD) Early Light Academy Charter School has selected Method B: Severe Discrepancy Method. 34 CFR §300.307; USBE SER II.J.10.b.(1)(b) and USBE SER II.J.10.c.(5)(g).

- a. Team members. 34 CFR §300.308; USBE SER II.J.10.b.(2).

The determination whether a student suspected of having a specific learning disability is a student with a disability must be made by the student's parent(s) and a team of qualified professionals, including:

- 1) The student's general education teacher; or
- 2) If the student does not have a general education teacher a general classroom teacher qualified to teach a student of the student's age; and
- 3) At least one person qualified as defined by the examiner qualifications outlined in the administration manual of each of the specific diagnostic examinations of students and interpret the results of those assessments (as per the administration assessment criteria), such as a school psychologist, speech/language pathologist, reading teacher or reading specialist, or special education teacher.

- b. Determining the existence of a specific learning disability. 34 CFR §300.309; USBE SER II.J.10.b(3).

1. The team described may determine that a student has a specific learning disability if:

- 1) The student does not achieve adequately for the student's age or to meet State-approved grade-level standards, when provide with learning experiences and instruction appropriate for the student's age or State-approved grade-level standards in one or more of the following areas:
  - a) Oral expression;
  - b) Listening comprehension;
  - c) Written expression;
  - d) Basic reading skills;
  - e) Reading fluency skills;
  - f) Reading comprehension;
  - g) Mathematics calculation;
- 2) For the discrepancy method, the student meets these requirements:

- a) Discrepancy Method.

The student's scores demonstrate that a severe discrepancy exists between the student's intellectual ability and achievement in one or more of the areas of specific learning disability listed above.

- 3) The group determines that its findings are not primarily the result of:

- a) A visual, hearing, or motor disability;
- b) Intellectual disability
- c) Emotional disturbance
- d) Cultural factors;
- e) Environmental or economic disadvantage; or
- f) Limited English proficiency.

- c. The learning disability must adversely affect the student's educational performance.

- d. The student with the learning disability must need special education or special education and related services. 34 CFR §300.8(a).

- 6. Evaluation. 34 CFR §300.309(b–c); USBE SER II.J.10.c.

- a. An evaluation must include a variety of assessment tools and strategies and cannot rely on any single procedure as the sole criterion.

- b. To ensure that underachievement in a student suspected of having a specific learning disability is not due to lack of appropriate instruction in reading or math, the group must consider, as part of the evaluation:

- 1) Data that demonstrate that prior to, or as a part of, the referral process, the student was provided appropriate instruction in general education settings, delivered by qualified personnel; and
- 2) Data-based documentation of repeated assessments of achievement at reasonable intervals, reflecting formal assessment of student progress during instruction, which was provided to the student's parent(s) or adult student.

- c. Early Light Academy Charter School promptly requests parental consent to evaluate the student to determine if the student is a student with a disability and needs special education and or special education and related services, and must adhere to the 45-school day evaluation timeframe, unless extended by mutual written agreement of the student's parent(s) and a group of qualified professionals:

- 1) If, prior to a referral, a student has not made adequate progress after an appropriate period of time as determined by the LEA when provided with appropriate instruction, and
  - 2) Whenever a student is referred for an evaluation.
- d. Observation. 34 CFR §300.310(a–c); USBE SER II.J.10.c.(4).  
Early Light Academy Charter School ensures that the student is observed in the student’s learning environment (including the general classroom setting) to document the student’s academic performance and behavior in the areas of difficulty.
- 1) The team may decide to
    - a) Use information from an observation in routine classroom instruction and monitoring of the student’s performance that was done before the student was referred for an evaluation; or
    - b) have at least one member of the team conduct an observation of the student’s academic performance in the general classroom after the student has been referred for an evaluation and parental consent is obtained.
    - c) In the case of a student who is out of school, a group member must observe the student in an environment appropriate for a student of that age.
- e. Specific documentation for the eligibility determination 34 CFR 34 CFR §300.311; USBE SER II.J.10.c.(5).

The team’s documentation of the determination of eligibility with a specific learning disability must contain a statement of:

- 1) Whether the student has a specific learning disability
- 2) The basis for making the determination;
- 3) The relevant behavior, if any, noted during the observation of the student and the relationship of that behavior to the student’s academic functioning;
- 4) The educationally relevant medical findings, if any; and
- 5) Whether the student meets the criteria for the Discrepancy method below;
  - a) Discrepancy Method. 34 CFR §300.311; USBE SER II.J.10.c.(5)(g).

Early Light Academy Charter School uses a severe discrepancy between the student's achievement and intellectual ability as part of its process to determine if the student has a specific learning disability, and the team documents:

- b) The student's performance on a standardized, norm-referenced individually administered achievement measure in the area of the suspected disability, and
  - c) That the student scored above the intellectual disability range on a standardized, norm-referenced, individually administered measure of intellectual ability, and
    - i. The comparison of the standard scores on the tests of achievement and intellectual ability using local board-approved and USBE staff-reviewed discrepancy analysis method.
    - ii. The team documents consideration of the discrepancy analysis and the team's determination of whether or not it represents a severe discrepancy.
  - f. The determination of the team concerning the effects of a visual, hearing, or motor disability; intellectual disability; emotional disturbance; cultural factors; environmental or economic disadvantage; or limited English proficiency on the student's achievement level
  - g. The requirements of USBE SER II.D-H are followed.
  - h. Each team member certifies in writing whether the report reflects the member's conclusion. 34 CFR §300.311(b). If it does not reflect the member's conclusion, the team member submits a separate statement presenting the member's conclusions.
7. Determining Eligibility. 34 CFR 300.306; USBE SER II.I.
- a. Using the criteria for each category of disability as described above, the Eligibility Team determines:
    - 1) Whether the student has a disability that adversely affects his educational performance, and
    - 2) Whether the student requires special education or special education and related services.

*Special education* is defined) as specially designed instruction to meet the unique needs of a student with a disability and may include related services if they meet the definition of special education. Special education services are services provided to the student and do not include consultation between teacher or monitoring a student's grades or work completion. 34 CFR §300.39; USBE SER I.E.43.

*Specially designed instruction* is adapting, as appropriate to the needs of an eligible student, the content, methodology, or delivery of instruction to address the unique needs of the student that result from the student's disability, and to ensure access of the student to the general curriculum, so that the student can meet educational standards of Early Light Academy Charter School that apply to all students; USBE SER I.E.44

- b. A student must not be determined to be a student with a disability if the determinant factor is:
  - 1) Lack of appropriate instruction in reading, including the essential components of reading instruction (phonemic awareness, alphabetic principle, vocabulary, comprehension, and fluency);
  - 2) Lack of appropriate instruction in math; or
  - 3) Limited English proficiency.
  - 4) If the student does not otherwise meet the eligibility criteria
- c. Procedures for determining eligibility and determining need.

In interpreting evaluation for the purpose of determining if a student is a student with a disability and the educational needs of the student, Early Light Academy:

- 1) Draws upon information from a variety of sources, such as aptitude and achievement tests, parents(s) input, teacher recommendations, physical condition, social or cultural background and adaptive behavior; and
  - 2) Ensures that information obtained from all of these sources is documented and carefully considered.
- d. The determination of eligibility is documented on the appropriate Team Evaluation Summary Report and Written Prior Notice of Eligibility Determination Form with signatures of team members.
  - e. Parents are provided with a copy of the Team Evaluation Summary Report and Written Prior Notice of Eligibility Determination document.

8. Evaluations before Change in Eligibility. 34 CFR §300.305 USBE SER II.H.6

- a. Early Light Academy Charter School evaluates a student with a disability before determining that the student is no longer an eligible student with a disability.
- b. An evaluation is not required before the termination of a student's eligibility due to graduation from secondary school with a regular high school diploma, or due to exceeding the age of eligibility for FAPE under Utah law (i.e., age 22).

### **III. IEP DEVELOPMENT AND SERVICE DELIVERY.**

Early Light Academy Charter School implements the following policies and procedures to address the IEP requirements of USBE SER III.A-V.

#### **A. IEP TEAM MEETING. 34 CFR §300.306; USBE SER III.D.**

1. Within 30 calendar days of the determination of eligibility, Early Light Academy Charter School assigns the special education teacher/case manager who arranges a meeting of the IEP Team to develop an IEP at a place and time that is mutually convenient to the parent(s) and Early Light Academy Charter School.
2. A Notice of Meeting will be sent to the parent and other members of the team stating the purposes, time, place, who is expected to be in attendance, and letting the parent know that the parent or Early Light Academy Charter School may bring others who have knowledge or special expertise about the student to the meeting. The determination of knowledge or expertise of the invited person is made by the party who invited that person.

#### **B. PARENTAL OPPORTUNITY TO PARTICIPATE. 34 CFR §300.322; USBE SER III.G.**

1. Parents are expected to participate along with school team members in developing, reviewing, and revising the IEP. This includes providing important information about needs and strengths of the student, contributing to discussions about the student's needs for special education, determining how the student will be involved and make progress in the general curriculum, deciding how the student will participate in the state- and school-wide assessments, and deciding what services Early Light Academy Charter School will provide and in what settings.
2. When conducting IEP Team meetings, placement meetings, and other administrative matters, the student's parents(s) and Early Light Academy Charter School may agree to use alternative means of meeting participation such as video conferencing or conference call.
3. Early Light Academy Charter School documents in writing its attempts to get parental participation in IEP meetings. If the parent cannot attend, participation by other means such as teleconference may be used. Parents must be given whatever help they need to understand the proceedings of the IEP meetings, such as interpreters. If Early Light Academy Charter School cannot obtain parental participation, it proceeds with the development of the IEP as required by Part B of the IDEA and USBE SER.

#### **C. IEP Team Membership. 34 CFR§300.321; USBE SER III.E.**

1. Early Light Academy Charter School ensures that the team for each student with a disability includes the parent(s), at least one special education teacher of the student, at least one general education teacher of the student, a representative of Early Light Academy Charter School, a person who can interpret the results and instructional implications of the evaluation results, and the student when appropriate. At the discretion of the parent(s) or Early Light Academy Charter School, other individuals who have knowledge or special expertise regarding the student, including related

services personnel may also be included as appropriate. Neither the special education teacher nor the LEA (Early Light Academy Charter School representative)

2. If a purpose of the IEP Team meeting is consideration of postsecondary goals for the student and the transition services needed to assist the student in reaching those goals, Early Light Academy Charter School invites the student with a disability to attend the student's IEP meeting. If the student does not attend the IEP meeting, Early Light Academy will take other steps to ensure that the student's preferences and interests are considered.
3. To the extent appropriate, with the written consent of the parent(s), Early Light Academy must invite a representative of any participating agency that is likely to be responsible for providing or paying for transition services.
4. The LEA, of Early Light Academy Charter School representative, must meet Early Light Academy Charter School's administrator standards, be qualified to provide or supervise the provision of specially designed instruction to meet the unique needs of students with disabilities, and have knowledge of the general education curriculum and of the availability of resources of Early Light Academy Charter School. Early Light Academy may designate a Charter School member of the IEP Team to also serve as the Early Light Academy Charter School representative if the above criteria are satisfied.
5. The signatures of team members on the IEP indicate participation in the development of the IEP

D. IEP TEAM ATTENDANCE. CFR §300.321; USBE SER III.F.

1. A required member of the IEP Team is not required to attend all or part of a particular IEP Team meeting if the parent of a student with a disability and Early Light Academy Charter School agree, in writing, that the attendance of the member is not necessary because the member's area of the curriculum or related services is not being modified or discussed in the meeting.
2. A required member of the IEP Team may be excused from attending all or part of a particular IEP meeting when the meeting does involve a modification to or discussion of the member's area of the curriculum or related services, if the parent and Early Light Academy Charter School consent to the excusal in writing; and the member submits written input into the development of the IEP to the parent and the IEP Team, prior to the meeting.

E. NOTICE OF MEETING. 34 CFR §300.322; USBE SER III.G–H.

1. Early Light Academy Charter School takes steps to ensure that one or both of the parents of a student with a disability or the adult student is present at each IEP Team meeting or are afforded the opportunity to participate, including:
  - a. Notifying parent(s) or adult student of the meeting early enough to ensure that they will have an opportunity to attend and
  - b. Scheduling the meeting at a mutually agreed-on time and place.

2. If the parent(s) or adult student cannot attend, Early Light Academy Charter School uses other methods to ensure participation of the parent(s) or adult student, including individual or conference telephone calls. The parent(s) of a student with a disability or adult student and Early Light Academy Charter School may agree to use alternative means of meeting participation, such as video conferences and conference calls. 34 CFR §300.328.
3. A meeting may be conducted without parent(s) or the adult student in attendance if Early Light Academy Charter School is unable to convince the parent(s) or adult student that they should attend. In this case, Early Light Academy Charter School must keep a record of its attempts to arrange a mutually agreed-on time and place, such as:
  - a. Detailed records of telephone calls made or attempted and the results of those calls;
  - b. Copies of correspondence sent to the parent(s) or adult student and any responses received; and
  - c. Detailed records of visits made to the parent(s)' or adult student's home or place of employment and the results of those visits.
4. Early Light Academy Charter School takes whatever action is necessary to ensure that the parent(s) or adult student understands the proceedings of the IEP Team meeting, including arranging for an interpreter for parent(s) or adult student with deafness or whose native language is other than English.
  - a. Under 53A-26a-301, an individual is required to be certified as an interpreter if that interpreter provides interpreter services, unless they meet the exemptions included in 53A-26a-305.
5. The parent(s) of a student with a disability or the adult student is a participant along with school personnel in developing, reviewing, and revising the IEP for the student. This is an active role in which the parent(s) or adult student:
  - a. Provides critical information regarding the strengths of the student and expresses their concerns for enhancing the education of the student;
  - b. Participates in the discussion of the student's need for special education or special education and related services, and supplementary aids and services; and
  - c. Joins with other participants in deciding how the student will be involved and progress in the general curriculum, how the student will participate in State and school-wide assessments, and what services Early Light Academy Charter School will provide to the student and in what setting.

F. IEP TIMELINES. 34 CFR §§300.323, 324; USBE SER III.B., III.I.

1. Early Light Academy Charter School ensures that an IEP is in effect for each identified student with a disability prior to the beginning of the school year.

2. At Early Light Academy Charter School the IEP Team reviews the IEP at least annually to determine whether the annual goals for the student are being achieved.
  - a. The team may decide to meet at the request of the parent(s) or other IEP Team member to revise the IEP to address any lack of expected progress toward annual goals and lack of progress in the general curriculum, the results of any reevaluation, information about the student provided to or by the parent(s) the student's anticipated needs, or other matters.
3. An IEP is developed within 30 calendar days of initial determination that a student is an eligible student with a disability.
4. Once parental or adult student consent for the initial provision of special education or special education and related services is obtained, the special education services, related services, and supplementary aids and services are provided as soon as possible.

G. TRANSFER STUDENTS. 34 CFR §300.323; USBE SER III.C.

1. Early Light Academy Charter School provides a student transferring from another LEA in or out of the state with comparable services to those listed on an existing IEP while it determines next needed steps in accordance with the In-State and Out-of-State Transfer Student Checklist on the USBE website.
2. If an evaluation for eligibility is determined to be needed, that evaluation is considered an initial evaluation and follows the required procedures and timelines for such an initial evaluation. USBE SER III.C.2.b.
3. The requirements of USBE SER III.C also apply for students transferring from an LEA placement to a local juvenile or adult correctional facility or temporary State placement for observation and assessment.

H. IEP DEVELOPMENT AND CONTENT. 34 CFR §§300.320, 324, 300; USBE SER III.I–J.

1. The IEP Team will develop an IEP that is reasonably calculated to confer a free appropriate public education for the student.
2. In developing the IEP, the IEP Team must consider the student's strengths, parental concerns for enhancing the student's education, evaluation results, academic, developmental, and functional needs, and special factors.
3. The IEP must include:
  - a. A statement of the student's present level of academic achievement and functional performance (PLAAFP), including baseline data on his achievement and how the student's disability affects the student's involvement and progress in the general curriculum (i.e. the same grade level curriculum as for non-disabled students.) For students who are blind, the statement should also

include results from a braille-related or braille skills assessment. UCA 53A-25a-104

- b. Measurable annual goals, including academic and functional goals, based on the present level statement that enable the student to be involved and make progress in the general education curriculum and addressing each of the student's educational needs resulting from the student's disability.
  - 1) For eligible students with significant cognitive disabilities who will participate in grade-level alternate achievement standards (i.e. Essential Elements), the parents(s) or adult student is notified that the student's academic achievement will be measured through an assessment of the grade-level Utah alternate achievement standards, such as the Dynamic Learning Maps (DLM) or the Utah's Alternate Assessment (UAA), and how participation in such alternate achievement assessments may delay or otherwise affect the student from completing the requirements for a regular high school diploma. Short term objectives are included for these students who will participate in a statewide alternate assessment, and for other students if determined needed by the IEP Team.
- c. How progress toward meeting the annual goals will be measured and when progress will be reported to the parents on a periodic basis.
- d. The special education and or special education and related services, and the supplementary aids and services (including assistive technology) to be provided to the student or on behalf of the student, based on peer-reviewed research to the extent practicable; and the program modifications or supports for school personnel that will be provided to enable the student to make progress on the IEP goals and in the general curriculum, to participate in extracurricular and other nonacademic activities, and to be educated and participate with other students with disabilities and without disabilities.
- e. Program options. 34 CFR §300.110.

Early Light Academy Charter School takes steps to ensure that its students with disabilities have available to them the variety of educational program and services available to nondisabled students, including art, music, industrial arts, consumer and homemaking education, and vocational education
- f. An explanation of the extent, if any, to which the student will not participate with other similar-aged nondisabled students in the general education environment and in the activities listed above.
- g. The dates that services, accommodations, and program modifications will begin and end (no more than one year from the date of the IEP); and the frequency, location, and amount of each service listed. Services listed must be specific, such as "reading comprehension," not "resource."
- h. Consideration of special factors as follows:

- 1) In the case of a student with limited English proficiency, consider the language needs of the student as those needs relate to the student's IEP; and
- 2) In the case of a student who is blind or visually impaired, provide for instruction in Braille and the use of Braille unless the IEP Team determines, after an evaluation of the student's reading and writing skills, needs, and appropriate reading and writing media (including an evaluation of the student's future needs for instruction in Braille or the use of Braille), that instruction in Braille or the use of Braille is not appropriate for the student; and
- 3) Consider the communication needs of the student who is deaf or hard of hearing, consider the student's language and communication needs, opportunities for direct communications with peers and professional personnel in the student's language and communication mode, academic level, and full range of needs, including opportunities for direct instruction in the student's language and communication mode; and
- 4) Consider whether the student needs assistive technology devices and services in school and on a case-by-case basis, in a student's home or other setting; and
- 5) In the case of a student whose behavior impedes the student's learning or that of others, consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior.
  - a) When making decisions on behavioral interventions, the IEP Team must refer to the *USBE Least Restrictive Behavior Interventions (LRBI) Technical Assistance (TA) Manual* for information on research-based intervention procedures.
  - b) Emergency safety interventions may only be included in an IEP as a planned intervention when the IEP Team agrees that less restrictive means which meet circumstances in R277-608 have been attempted, a functional behavior assessment (FBA) has been conducted, and a positive behavior intervention plan based on data analysis has been developed and implemented. R277-609
  - c) The purpose of the *LRBI TA Manual* related to the use of positive behavioral supports and behavioral inventions is to protect the safety and well-being of all students, provide protection for students, teachers, other school personnel, and LEAs, and ensure that parent(s) are involved in the consideration and selection of behavior interventions to be used.
  - d) When an emergency situation occurs that requires the immediate use of an emergency safety intervention to protect the students or others from harm, the staff shall comply with requirements in R277-609 with regard to time limitations and parental or adult student notification.

- i. An emergency is defined in Administrative Rule R277-609.
  - ii. Early Light Academy Charter School follows the emergency notification procedures as written.
    - a) Early Light Academy Charter School ensures that all staff members who interact with students receive the training necessary to effectively implement a continuum of behavioral interventions and supports.
    - b) As appropriate, the student should receive a functional behavioral assessment and behavior intervention services and modifications that are designed to address the behavior.
- i. If the IEP Team in considering the special factors described above decides that a student needs a particular device or services for educational purposes (including an intervention, accommodations or other program modification), which could be an intervention, accommodation, or other program modification in order to receive a FAPE, the team must include these in the IEP.
- j. How the student will participate in school-wide and statewide assessments such as the Student Assessment of Growth and Excellence (SAGE).
  - 1) While every student with a disability must participate, an individual student may be determined to participate with some accommodations based on his disability, or with modifications.
  - 2) Students who have the most significant cognitive disabilities, and meet other criteria in the USBE Assessment Participation and Accommodation Policy, may be assessed with Utah's alternate assessment, such as the Dynamic Learning Maps (DLM) for Math and Language Arts and Utah Alternative Assessment (UAA) for Science as required by the USBE. The IEP Team must indicate this on the IEP Assessment Addendum, along with the reason that the student cannot otherwise participate in the statewide assessment program.
- k. In addition to the required elements of the statewide assessment program, Early Light Academy Charter School administers the following school-wide assessments: DIBELS in grades K-3, the Fountas and Pinnell Guided Reading Assessment, the SRI reading inventory in grades 5-9, general math curriculum assessments in grades K-9 and math curriculum-based benchmarks. All students, including students with identified disabilities, are included in these assessments. Students with disabilities may participate in the assessments with appropriate accommodations and modifications as determined by the IEP Team and documented in the student's IEP. Alternate assessments for individual students, as determined by the student's IEP Team and documented in the student's IEP, are provided for students who cannot participate in the school-wide assessment in any other way.
- l. How the student will participate in physical education services, specially designed or adapted if necessary. The student must be afforded the opportunity

to participate in the general physical education program available to nondisabled students, unless the student needs specially designed instruction as prescribed in the student's IEP.

- m. IEP Teams should discuss and address, if appropriate, student participation not only in the grade-level Core Standards, but other general education activities and courses (e.g. health and maturation, suicide prevention), as well as Statewide Online Education programs or other online, distance, blended, or competency-based courses as well as courses taken through Career and Technical Education (CTE) programs and concurrent enrollment. Students with disabilities may require special education and related services and accommodations for equitable participation, in conjunction with Part B of the IDEA, USBE SER, R277-418, and R277-726.
- n. The IEP Team must determine whether the student will need Extended School Year (ESY) services in order to receive a free appropriate public education.
  - 1) This determination of the need for ESY services in Early Light Academy Charter School is based on regression and recoupment data collected over at least two breaks in the school year consisting of 4 or more week days when there is no school.
  - 2) If the student's recovery from measured regression on pinpointed skills directly related to the IEP goals takes so long that he would not receive FAPE without services during the summer or other school break, the IEP Team must find him eligible for ESY services.
  - 3) Other factors are considered in determining if the student needs ESY in order to receive a FAPE. These include but are not limited to:
    - a) The degree of the student's impairment,
    - b) The ability of the parent(s) or adult student to provide the educational structure at home,
    - c) The student's rate of progress on IEP goals,
    - d) The student's physical or behavioral problems,
    - e) The areas of the student's curriculum that need continuous attention (such as emerging skills),
    - f) The students vocational and transition needs,
    - g) The availability of alternative resources,
    - h) Whether a requested service is extraordinary to the student's condition,
    - i) Information from parents and other caregivers,

- j) Other available data.
  - k) In the case of Autism, maintenance of learning and social/behavioral routines in addition to new skill development may also be considered critical enough to justify ESY.
- 4) If the student is eligible for ESY services, the IEP Team shall develop a written document that indicates which IEP goals the student will work on during the ESY, what services will be provided, how long and how often the ESY services will be provided, and the setting(s) in which the services will be provided.
  - 5) The IEP Team refers to the USBE ESY Technical Assistance Document on the USBE website.

o. Assistive Technology. 34 CFR §300.105; R277-495; USBE SER III.M.

- 1) Assistive Technology. Early Light Academy Charter School makes assistive technology devices or assistive technology services, or both, available to a student with a disability if required as part of the student's special education, related services, or supplemental aids and services.
- 2) On a case-by-case basis, the use of school-purchased assistive technology devices in a student's home or in other settings will be required if the IEP Team determines that the student needs access to those devices in order to receive a FAPE.

I. IEP TEAM ACCESS TO IEP INFORMATION. 34 CFR §300.323; USBE SER III.B.

1. Early Light Academy Charter School makes the student's IEP accessible to each general education teacher, special education teacher, related service provider, and other service provider who is responsible for its implementation. Each teacher and provider is informed of the teacher or provider's specific responsibilities related to the implementation of the student's IEP and the specific accommodations, modifications, and supports that must be provided for the student in accordance with the IEP.
2. Early Light Academy Charter School prepares a summary of the present level of academic achievement and functional performance, goals, services, and program modifications and supports for each teacher of the student. This summary is provided to the teacher prior to the time of initial implementation of the IEP as well as annual updates as appropriate. Teachers keep this information in a secure place to ensure that confidentiality is maintained.

J. Placement in the Least Restrictive Environment (LRE). 34 CFR §300.114; USBE SER III.P.

1. Placement decisions are made by a group of persons, including the parent(s) and other persons knowledgeable about the student, the meaning of the evaluation data, and the placement options. This group may be the IEP Team, including the parent(s). The group determines the placement on the continuum of placement options

in which the student will receive special education or special education and related services.

2. Early Light Academy Charter School ensures that the parent(s) of each student is a member of any group that makes decisions on the education placement of their student. If neither parent is able to participate in a meeting in which a decision is to be made relating to the educational placement of the student, Early Light Academy will use other methods to ensure their participation, including individual or conference telephone calls or video conferencing. A group may make a placement decision without the involvement of the parent(s) if Early Light Academy Charter School is unable to obtain either parent(s)' participation after repeated and documented attempts to ensure their involvement. 34 CFR §§300.327, 501; USBE SER III.S.
  - a. However, no initial placement and provision of services are put in place without written parental consent.
3. Placement is determined at least annually, based on the student's present levels of performance, goals, services, and program modifications as detailed in the IEP.
4. Identified students with disabilities, including students enrolled in Early Light Academy Charter School but placed in public or private institutions or other care facilities (e.g. nursing homes) by the IEP Team, or by the parent(s) when FAPE is at issue, shall receive the special education or special education and related services in the Least Restrictive Environment (LRE) to the maximum extent appropriate to meet the student's needs.
5. This means that the student will not be removed from the general education classroom, with general education peers, unless the IEP Team determines that due to the nature and severity of the disability, the student's educational needs cannot be addressed satisfactorily in the general education environment, even with the use of supplementary aids and services. In the case of a student who is deaf or hearing impaired, consideration of a special class or school may be the least restrictive environment in that it provides opportunities for direct communication and instruction in the student's language and communication mode with professional personnel and peers.
6. LRE provisions apply to transition programs and placement.
7. Early Light Academy Charter School provides the IDEA required continuum of placement options, including placement in:
  - a. *A general education classroom* (A student is placed in the grade-level general education classroom and the specialized instruction—and related services, if any—is provided there.);
  - b. *A general education classroom with itinerant services* (A student is placed in the grade-level general education classroom and the specialized instruction—and related services, if any—provide, in a different setting);
  - c. *A special class* (A student is placed in a classroom with other students with disabilities and the specialized instruction—and related services if any—is provided there.);

- d. *A special school* (A student is placed in a separate day school made up solely of students with disabilities and the specialized instruction—and related services, if any—is provided there for more than 50% of the day.);
  - e. *Home instruction* (A student is placed in the student’s home and specialized instruction—and related services, if any—is provided there. The IEP Team determines the amount of service time required for the student to make progress in the general curriculum and on IEP goals.); and
  - f. Instruction in hospitals and institutions (A student is placed in a hospital or institutional setting [often residential] made up solely of students with disabilities and specialized instruction—and related services, if any—is provided there. The IEP Team determines the amount of service time required for the student to make progress in the general curriculum and on IEP goals.)
- 8. Early Light Academy Charter School provides supplementary services, such as resource or itinerant instruction, in conjunction with placement in the general education classroom, when needed.
  - 9. In selecting the LRE, consideration is given to any potential harmful effects on the student or on the quality of services that the student needs, and the student is not removed from education in age-appropriate general classrooms solely due to needed modifications in the grade-level curriculum.
- K. **NONACADEMIC SETTINGS, ACTIVITIES, AND SERVICES.** 34 CFR §300.117; USBE SER III.U-V.
- 1. Early Light Academy Charter School ensures that each student with a disability participates with nondisabled students in the extracurricular services and activities to the maximum extent appropriate to the student’s needs. This includes meals, recess periods, counseling services, athletics, transportation, health services, recreational activities, special interest groups or clubs sponsored by the school, referrals to agencies that provide assistance to individuals with disabilities and employment of students, including both employment by Early Light Academy Charter School and assistance in making outside employment available, and other activities and services of Early Light Academy Charter School.
  - 2. Early Light Academy Charter School ensures that each student with a disability has the supplementary aids and services determined by the student’s IEP Team to provide the nonacademic and extracurricular services and activities in such a way that students with disabilities are given an equal opportunity to participate. 34 CFR §300.107; USBE SER III.V.
  - 3. A student with disabilities (under the age of 20) who has not graduated from high school with a regular high school diploma, whose IEP Team recommends participation, may not be denied the opportunity of participation in public school programs or extracurricular activities solely because of the student’s age unless the participation threatens the health or safety of the student. Early Light Academy Charter School, in cooperation with the Utah Department of Health shall establish criteria used to determine the health and safety factor. UCA 53A-15-303.5.

L. PARENTAL CONSENT FOR INITIAL PLACEMENT AND PROVISION OF SERVICES. 34 CFR §300.300; USBE

1. In order for the initial IEP to be implemented and the special education services the team has decided on to begin, written parental consent must be obtained. If the parent(s) refuses consent for the provision of those services, Early Light Academy Charter School may not implement the IEP and may not access due process procedures.
2. Early Light Academy Charter School does not use a parent's refusal to consent to one service or activity to deny the parent(s) or student any other service, benefit, or activity of Early Light Academy Charter School, or to fail to provide a student with a FAPE.
3. If, at any time subsequent to the initial provision of special education or special education and related services, the parent(s) of a student with disabilities or the adult student revokes consent in writing for the continued provision of special education or special education and related services, Early Light Academy Charter School:
  - a. Does not continue to provide special education or special education and related services to the students, but must provide Written Prior Notice to the parent(s) or the adult student before ceasing the provision of special education or special education and related services;
  - b. Does not use the due process procedures in order to obtain agreements or a ruling that the services may be provide to the student;
  - c. Is not considered in violation of the requirement to make FAPE available to the student, and
  - d. Is not required to convene an IEP Team meeting or develop an IEP for the student.
4. Consent means that the parent(s) understands that the granting of consent is voluntary on the part of the parent(s) and may be revoked at any time. 34 CFR §300.9. If a parent(s) revokes consent, that revocation is not retroactive, that is, it does not negate an action that occurred after consent was given and before the consent was revoked.

M. DOCUMENTATION OF PARTICIPATION. 34 CFR §300.501; USBE SER IV.B.

1. All members of the IEP Team sign the IEP document indicating that they participated in the development of the IEP. A parent(s)'s signature on the IEP does not mean that the parent is in full agreement with the content of the IEP and does not abrogate the parental right to access the Procedural Safeguards. USBE SER III.E.11.
2. If Early Light Academy Charter School, despite at least two documented attempts, is unsuccessful in having parental attendance at the meeting, the rest of the IEP Team shall proceed with the meeting.
3. Parents may participate via telephone conference or video conference.

4. Parent(s) is provided with a copy of the completed IEP at no cost, and Written Prior Notice of Early Light Academy Charter School's intent to implement the program and services in the IEP. This Notice is embedded in the IEP form. If Early Light Academy Charter School refuses to include in its offer of FAPE (as detailed on the IEP) services, program modifications, or other IEP content that the parent(s) has requested, a Written Prior Notice of that refusal is provided to the parent.

N. CHANGES TO THE IEP. 34 CFR §300.324(A)(4,6); USBE SER III.1.2

1. In making changes to the IEP after the annual IEP Team meeting for a school year, the parent(s) of a student with a disability or adult student and Early Light Academy Charter School may agree not to convene an IEP meeting for the purposes of making those changes and instead develop a written document to amend or modify the student's current IEP.
2. Changes may be made in a meeting or by amendment to the existing IEP, at the request of any member of the IEP Team.
3. Changes may be needed if there is new information about the student's performance.
4. Amendments to the IEP without a team meeting may be made only with the agreement of Early Light Academy Charter School and the parent(s).
  - a. Amendments such as a change in the amount of a special education or special education and related service that is no more than 30 minutes per week, a change of location that is no more than 60 minutes per week, or a goal change that is the next logical step forward or backwards and is based on the student's progress may be made without a team meeting.
  - b. If the change involves a move on the continuum of Least Restrictive Environment placement options, or the amount of services to be changed is more than indicated above, or a service is to be added, an IEP Team meeting is held with a Notice of Meeting to all team members.
5. Upon request, the parent(s) is provided with a copy of the IEP with the amendments incorporated. The parent(s) is provided with Written Prior Notice that these additional actions or changes in actions will be implemented.
6. If changes are made to the student's IEP through the amendment process, Early Light Academy Charter School ensures that the student's IEP Team, including teachers and related service providers of the student, is informed of those changes.

O. IEP AND SERVICES FOR POSTSECONDARY STUDENTS.

See Section VII—TRANSITIONS.

#### IV. PROCEDURAL SAFEGUARDS

Early Light Academy Charter School, consistent with the requirements of Part B of the IDEA and the USBE Special Education Rules, has established, maintains, and implements Procedural Safeguards for students with disabilities and their parent(s) as described below.

A. OPPORTUNITY FOR PARENTAL PARTICIPATION IN MEETINGS. 34 CFR§300.501; USBE SER IV.B.

Early Light Academy Charter School affords parents the opportunity to participate in all decisions related to the location, identification, evaluation, and provision of FAPE for their student, including decisions related to the Discipline requirements of Part B of the IDEA. This includes arranging meetings at a mutually convenient time and place, providing Notice of Meeting at least two days prior to a scheduled meeting, and making at least two documented attempts to obtain parent participation in meetings.

B. INDEPENDENT EDUCATIONAL EVALUATION (IEE). 34 CFR §300.502; USBE SER IV.C.

1. An Independent educational evaluation is an evaluation conducted by a qualified examiner who is not employed or contracted with by Early Light Academy Charter School responsible for the education of the student in question.
2. Early Light Academy Charter School has established and implements the following policies and procedures related to independent educational evaluations that meet the requirements of Part B of the IDEA and the USBE SER.
  - a. The parents of a student with a disability have the right to obtain an independent educational evaluation of the student at public expense if they disagree with an evaluation obtained by Early Light Academy Charter School.
  - b. Upon request for an independent educational evaluation, Early Light Academy Charter School provides a copy of Early Light Academy Charter School's written criteria for IEEs, including information about what Early Light Academy will pay for, a list of potential evaluators, and, if applicable, the range of fees each evaluator charges. Early Light Academy Charter School updates this list periodically to reflect any changes in fees and evaluators.
  - c. Additional criteria for the evaluation are that the evaluation procedures meet all of the same standards as those listed in Section II.D–H of this Policy and Procedures Manual.
  - d. If Early Light Academy Charter School's criteria include a monetary cap on IEEs, the criteria also allow parent(s) the opportunity to request a waiver in the student's circumstance.
  - e. In addition, Early Light Academy Charter School considers any other evaluator or agency proposed by the parent to conduct the IEE if the examiner and the evaluation meet Early Light Academy Charter School's criteria. A qualified examiner is one who meets the USBE criteria for qualified personnel as a special education teacher, school psychologist, psychologist with expertise in administration and analysis of assessments, or other equivalent qualifications as determined by Early Light Academy Charter School.

- f. Early Light Academy Charter School either pays for the full cost of the evaluation or ensures that the evaluation is otherwise provided at no cost to the parent(s).
  - g. When parents request an IEE, either Early Light Academy Charter School files a due process complaint to request a hearing to show that its evaluation is appropriate, or it ensures that the independent educational evaluation is provided at public expense, unless Early Light Academy Charter School demonstrates in a hearing that the evaluation obtained by the parent(s) does not meet Early Light Academy Charter School's criteria as described above. If a Due Process Hearing Officer finds that the Early Light Academy Charter evaluation was appropriate, an IEE obtained by the parent(s) is considered by the team, but is not provided at public expense.
  - h. Parent(s) or adult student is entitled to only one IEE at public expense each time Early Light Academy Charter School conducts an evaluation with which the parent(s) or adult student disagrees.
  - i. If the parent(s) obtains an IEE at public expense or shares an evaluation obtained at private expense with Early Light Academy Charter School, the results of the evaluation, if it meets Charter School criteria, are considered by Early Light Academy Charter School in any decision made with respect to provision of a FAPE to the student.
  - j. Except for the criteria described above, Early Light Academy Charter School does not impose additional conditions or timelines related to obtaining an IEE at public expense
3. An independent educational evaluation conducted at Early Light Academy Charter School's expense becomes the property of Early Light Academy Charter School, in its entirety.

C. WRITTEN PRIOR NOTICE. 34 CFR §300.503; USBE SER IV.D.

  - b. Provided in the native language of the parent(s) or other mode of communication used by the parent(s) unless it is clearly not feasible to do so.
    - 1) If the native language or other mode of communication of the parent(s) or adult student is not a written language, Early Light Academy Charter School takes steps to ensure that:
      - a) The notice is translated orally or by other means to the parent(s) in his/her native language or other mode of communication;
      - b) The parent(s) or adult student understands the content of the notice; and
      - c) There is written evidence that the requirements have been met

D. PROCEDURAL SAFEGUARDS NOTICE. 34 CFR §300.504; USBE SER IV.E.

- 1. A copy of the Procedural Safeguards is given to the parent once a year at the annual IEP review, and is also given to the parent upon initial referral or parental request for evaluation, upon receipt of the first State complaint or due process complaint in that school year, and upon request by the parent(s) at any time.
- 2. Early Light Academy Charter School uses the USBE Procedural Safeguards Notice that is posted on the USBE website, (<http://www.schools.utah.gov>). Early Light Academy Charter School may place a current copy of the Procedural Safeguards Notice on its website. USBE SER IV.E.2.
- 3. The special education director/teacher provides a brief explanation of the main provisions of the Procedural Safeguards to the parents at consent for evaluation, eligibility determination, and annual IEP meetings.

- 1. Informed written parental consent is obtained for evaluation and reevaluation, initial placement and provision of special education, and for release of records to certain parties.
- 2. Reasonable efforts to obtain informed consent are documented in writing.
- 3. No student receives special education or special education and related services without the signed Initial Consent for Placement in the student's special education file.
- 4. Other relevant parental consent requirements are addressed in Sections II and III of this Policies and Procedures Manual.

F. DISPUTE RESOLUTION.

Early Light Academy Charter School follows the Dispute Resolution requirements of the USBE SER IV.G as written and accesses the USBE SER Dispute Resolutions Manual for more in-depth information. The procedures address State Complaints, Mediation, Due Process Complaints, Resolution Process, Due Process Hearings, Civil Actions, Attorney's Fees, and Student's Status during Proceedings.

G. SURROGATE PARENTS 34 CFR §300.519; USBE SER IV.V.

- 1. Early Light Academy Charter School assigns a surrogate parent for a student under the age of majority when:
  - a. The parent cannot be identified or cannot be located,
  - b. The parent(s)' rights to make educational decisions has been taken away by a court,

- c. The student is a ward of the state, or
    - d. The student is an unaccompanied homeless youth.
  - 2. Early Light Academy Charter School determines whether a student under the age of majority needs a surrogate using information from the student’s registration form and information from agencies involved with the student.
  - 3. Early Light Academy Charter School assigns a surrogate after contacting the Utah Parent Center for assistance in obtaining names of trained surrogates.
  - 4. Early Light Academy Charter School ensures that a person selected as a surrogate parent:

  - 6. In the case of a student who is an unaccompanied homeless youth, appropriate staff of emergency shelters, transition shelters, independent living programs, and street outreach programs may be appointed as temporary surrogates until a surrogate can be appointed that meets all of the above requirements.
  - 7. The surrogate parent may represent the student in all matters relating to the identification, evaluation, and educational placement of the student, and the provision of a FAPE to the student.
  - 8. The USBE and Charter School staff must make reasonable efforts to ensure the assignment of a surrogate parent not more than 30 calendar days after Early Light Academy Charter School determines that the student needs a surrogate.
- H. TRANSFER OF RIGHTS. 34 CFR §300.520; USBE SER IV.W.

This section is non-applicable to Early Light Academy as the LEA does not serve students of such age.

I. CONFIDENTIALITY OF INFORMATION. USBE SER IV.X; R277-487.

Early Light Academy Charter School complies with a request without unnecessary delay and before any meeting regarding an IEP, or any hearing, or resolution session, and in no case more than 45 calendar days after the request has been made.
  - b. The right to inspect and review education records includes the right to:
    - 1) A response from Early Light Academy Charter School to reasonable requests for explanations and interpretations of the records;
    - 2) Request that Early Light Academy Charter School provide copies of the records containing the information if failure to provide those copies would effectively prevent the parent from exercising the right to inspect and review the records; and
    - 3) Have a representative of the parent(s) inspect and review the records.
  - c. Early Light Academy Charter School may presume that the parent(s) has authority to inspect and review records relating to his or her student unless the school has been advised that the parent(s) does not have the authority under applicable State law governing such matters as guardianship, separation, and divorce.

6. Fees. 34 CFR §300.617; USBE SER IV.X.8.

Early Light Academy Charter School may charge a fee for copies of records that are made for the parent(s) under Part B of the IDEA if the fee does not effectively prevent the parent(s) from exercising their right to inspect and review those records; however, it may not charge a fee to search for or to retrieve information under Part B of the IDEA.

7. Amendment of records at parent(s)' or adult student's request. 34 CFR §300.618; USBE SER IV.X.9.

- a. Parent(s) who believe that information in the education records collected, maintained, or used under Part B of the IDEA or USBE SER is inaccurate or misleading or violates the privacy or other rights of the student may request Early Light Academy Charter School that maintains the information to amend the information.
- b. Early Light Academy Charter School must decide whether to amend the information within a reasonable period of time of receipt of the request. If Early Light Academy Charter School decides to refuse to amend the information, it must inform the parent(s) of the refusal and advise the parent(s) of the right to a hearing on the matter.

8. Opportunity for a hearing. 34 CFR §300.619; USBE SER IV.X.10.

- a. Early Light Academy Charter School, on request, provides an opportunity for a hearing to challenge information in education records to ensure that it is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student.
- b. This hearing is not an IDEA due process complaint hearing.

9. Result of hearing. 34 CFR §300.620; USBE SER IV.X.11

- a. If, as a result of the hearing, Early Light Academy Charter School decides that the information is inaccurate, misleading or otherwise in violation of the privacy or other rights of the student, it must amend the information accordingly and so inform the parent(s) in writing.

- b. If, as a result of the hearing, Early Light Academy Charter School decides that the information is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student, it must inform the parent(s) of the right to place in the records it maintains on the student a statement commenting on the information or setting forth any reasons for disagreeing with the decision of Early Light Academy Charter School.
  - c. Any explanation placed in the records of the student under this section must be maintained by Early Light Academy Charter School as part of the records of the student as long as the record or contested portion is maintained; and if the records of the student or the contested portion is disclosed by Early Light Academy Charter School to any party, the explanation must also be disclosed to the party.
10. Hearing procedures. 34 CFR §300.621; USBE SER IV.X.12 as written.

A hearing that challenges education records is conducted according to procedures under 34 CFR §99.22 as described below.

  - e. The decision of Early Light Academy Charter School shall be based solely upon the evidence presented at the hearing, and shall include a summary of the evidence and the reasons for the decision.
11. Consent for disclosure of records. 34 CFR §300.622; USBE SER IV.X.13.
- a. Except as to disclosures addressed in referral to and action by law enforcement and judicial authorities, for which parental consent is not required by 34 CFR §99, parental consent is obtained before personally identifiable information is;
    - 1) Disclosed to anyone other than officials of participating agencies collecting or using the information under Part B of the IDEA or USBE SER, or

- 2) Used for any purpose other than meeting a requirement of Part B of the IDEA or USBE SER.
- b. Early Light Academy Charter School does not release information from education records to participating agencies without parental consent unless authorized to do so by 34 CFR §99.31 and §99.34 (FERPA):
- 1) Regulation 34 CFR §99.31 allows Early Light Academy Charter School to disclose personally identifiable information from the education records of a student without the written consent of the parent(s) of the student or the adult student, if the disclosure is:

    - b) Early Light Academy Charter School includes in its annual notice of Procedural Safeguards, that it is the policy of the LEA to forward education records on request of a school in which a student seeks or intends to enroll.
- c. Early Light Academy Charter School transferring the records keeps a copy of the records for three years after the transfer.
- d. A Charter School receiving personally identifiable information from another educational agency or institution may make further disclosure of the information on behalf of Early Light Academy Charter School without the prior written consent of the parent(s) if the conditions of 34 CFR §99.31 and §99.34 noted above are met, and if the educational agency informs the party to whom disclosure is made of these requirements.
- e. If the parent(s) refuses consent for the release of personally identifiable information to a third party, then that party may proceed with statutory procedures in an effort to obtain the desired information.

Note: As authorized in 34 CFR §99.31 (FERPA), Utah Local Educational Agencies include in the annual Procedural Safeguards Notice that it is their

- f. If the parent(s) revokes consent in writing for the student's receipt of special education or special education and related services, Early Light Academy Charter School is not required to amend the student's education record to remove any references to the student's receipt of special education or special education and related services because of the revocation of consent.

- d. Early Light Academy Charter School maintains, for public inspection, an Access Authorization List, that is a current listing of the names and positions of those employees within the school who may have access to personally identifiable information on students with disabilities. This list, which is updated annually, is posted on the locked cabinet in which students' special education files are maintained.

13. Destruction of information. 34 CFR §300.324; USBE SER IV.X.15.

Early Light Academy Charter School informs parent(s) when personally identifiable information collected, maintained, or used under Part B of the IDEA and USBE Special Education Rules is no longer needed to provide educational services to the student. Information no longer needed must be destroyed at the request of the parent(s) or student age 18 or older. However, a permanent record of a student's name, address, and phone number, his or her grades, attendance record, classes attended, grade level completed, and year completed may be maintained without time limitation. Each student's records may be considered "no longer needed to provide educational services" and may be destroyed three (3) years after the student graduates or three (3) years after the student turns 22.

**V. DISCIPLINE PROCEDURES. 34 CFR §300.530; USBE SER V.**

**A. DISCIPLINE PROCEDURES FOR STUDENTS WITH DISABILITIES. USBE SER V.A.**

Consistent with the requirements of Part B of the IDEA and USBE Special Education Rules, as well as applicable USBE Rules, Early Light Academy Charter School establishes, maintains, and implements the following policies and procedures for disciplining students with disabilities.

**B. AUTHORITY OF SCHOOL PERSONNEL. 34 CFR §300.530(a–c); USBE SER V.B.**

1. School personnel may consider any unique circumstances on a case-by-case basis when determining whether a change in placement, consistent with the other requirements of this section, is appropriate for a student with a disability who violates a code of student conduct.
2. School personnel may remove a student with a disability who violates a code of student conduct from the student’s current placement to an appropriate interim alternative educational setting, another setting, or suspension, for not more than ten consecutive school days (to the extent those alternatives are applied to students without disabilities), and for additional removals of not more than ten consecutive school days in that same school year for separate incidents of misconduct, as long as those removals do not constitute a change of placement.
3. After a student with a disability has been removed from the student’s current placement for ten school days in the same school year, during any subsequent days of removal Early Light Academy Charter School provides services to the extent required.
4. For disciplinary changes in placement that would exceed ten consecutive school days, if the behavior that gave rise to the violation of the school code is determined not to be a manifestation of the student’s disability, school personnel may apply the relevant disciplinary procedures to students with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities, except after the tenth day of removal that constitutes a change in placement, Early Light Academy Charter School provides services to the student.

**C. SERVICES. 34 CFR §300.530(d); USBE SER V.C.**

1. A student with a disability who is removed from the student’s current placement must:
  - a. Continue to receive educational services, so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the student’s IEP; and

- b. Receive, as appropriate, a functional behavioral assessment, and behavioral intervention services and modifications that are designed to address the behavior-violation so that it does not recur.
- 2. The services may be provided in an interim alternative educational setting (IAES).
- 3. Early Light Academy Charter School is only required to provide services during periods of removal to a student with a disability who has been removed from the student's current placement for ten school days or less in that school year, if it provides services to a student without disabilities who is similarly removed.
- 4. After a student with a disability has been removed from the student's current placement for ten school days in the same school year, if the current removal is for not more than ten consecutive school days and is not a change of placement, school personnel, in consultation with at least one of the student's teachers, determine the extent to which services are needed, so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the student's IEP.
- 5. If the removal is a change of placement, the student's IEP Team determines appropriate services to be provided during the removal.

D. CHANGE OF PLACEMENT DUE TO DISCIPLINARY REMOVALS 34 CFR §300.536; USBE SER V.D.

- 1. For purposes of removals of a student with a disability from the student's current educational placement, a change of placement occurs if:
  - a. The removal is for more than ten consecutive school days; or
  - b. The student has been subjected to a series of removals that constitute a pattern:
    - 1) Because the series of removals total more than ten school days in a school year;
    - 2) Because the student's behavior is substantially similar to the student's behavior in previous incidents that resulted in the series of removals; and
    - 3) Because of such additional factors as the length of each removal, the total amount of time the student has been removed, and the proximity of the removals to one another.
- 2. Early Light Academy Charter School determines on a case-by-case basis whether a pattern of removals constitutes a change of placement. This determination is subject to review through due process and judicial proceedings.

E. MANIFESTATION DETERMINATION. 34 CFR §300.530(e-f); USBE SER V.E.

1. Within ten school days of any decision to change the placement of a student with a disability because of a violation of a code of student conduct, a representative of Early Light Academy Charter School, the parent(s), and relevant members of the student's IEP Team (as determined by the parent(s) or adult student and Early Light Academy Charter School) reviews all relevant information in the student's file, including the student's IEP, any teacher observations, and any relevant information provided by the parent(s) or adult student to determine:
  - a. If the conduct in question was caused by, or had a direct and substantial relationship to, the student's disability; or
  - b. If the conduct in question was the direct result of Early Light Academy Charter School's failure to implement the IEP.
2. The conduct must be determined to be a manifestation of the student's disability if the representative of Early Light Academy Charter School, the parent(s) and relevant members of the student's IEP Team determine that the misconduct was caused by or had a direct and substantial relationship to the student's disability, or was the direct result of Early Light Academy Charter School's failure to implement the IEP.
3. If Early Light Academy Charter School, the parent(s) and relevant members of the student's IEP Team determine that the misconduct was the direct result of Early Light Academy Charter School's failure to implement the IEP, Early Light Academy must take immediate steps to remedy those deficiencies.
4. If the representative of Early Light Academy Charter School, the parent(s) or adult student, and relevant members of the IEP Team make the determination that the conduct was a manifestation of the student's disability, the IEP Team must either:
  - a. Conduct a functional behavioral assessment (FBA), unless Early Light Academy Charter School had conducted a functional behavioral assessment before the behavior that resulted in the change of placement occurred, and implement a behavioral intervention plan (BIP) for the student; or
  - b. If a behavioral intervention plan already has been developed, review the behavioral intervention plan, and modify it, as necessary, to address the behavior; and
  - c. Unless the misconduct falls under the definition of special circumstances in Rule V.E.5, return the student to the placement from which the student was removed, unless the parent(s) and Early Light Academy Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.
5. Special circumstances. 34 CFR §300.530(g); USBE SER V.E.5.

School personnel may remove a student to an interim alternative educational setting for not more than 45 school days without regard to whether the behavior is determined to be a manifestation of the student's disability, if the student:

- a. Carries a weapon to or possesses a weapon at school, on school premises, or to or at a school function under the jurisdiction of Early Light Academy Charter School;
- b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function under the jurisdiction of Early Light Academy Charter School, or

F. PROCEDURAL SAFEGUARDS NOTICE. 34 CFR§300.530(h); USBE

On the date on which the decision is made to make a removal that constitutes a change of placement of a student with a disability because of a violation of a code of student conduct, the LEA must notify the parent(s) or adult student of that decision, and provide the parent(s) or adult student the Procedural Safeguards notice.

G. DETERMINATION OF SETTING. 34 CFR §300.531; USBE SER V.G.

The student’s IEP Team determines the interim alternative educational setting (IAES) for services if the behavior that gives rise to the removal is not a manifestation of the student’s disability, the removal constitutes a change of placement, or the behavior falls under the special circumstances in Rule V.E.5.

- H. APPEALS BY PARENT(S) OR ADULT STUDENT OR LEA. 34 CFR §300.532; USBE SER V.H.
1. The parent(s) of a student with a disability or adult student who disagrees with any decision regarding placement or the manifestation determination, or an LEA that believes that maintaining the current placement of the student is substantially likely to result in injury to the student or others, may appeal the decision by filing a due process hearing complaint.
  2. Authority of hearing officer.
    - a. A due process hearing officer hears, and makes a determination regarding an appeal.
    - b. In making the determination, the hearing officer may:
      - 1) Return the student with a disability to the placement from which the student was removed if the hearing officer determines that the removal was a violation of the discipline procedures under Part B of the IDEA or these Rules or that the student's behavior was a manifestation of the student's disability; or
      - 2) Order a change of placement of the student with a disability to an appropriate interim alternative educational setting (IAES) for not more than 45 school days if the hearing officer determines that maintaining the current placement of the student is substantially likely to result in injury to the student or to others.
    - c. The appeal procedures may be repeated if Early Light Academy Charter School believes that returning the student to the original placement is substantially likely to result in injury to the student or to others.
  3. Expedited due process hearing.
    - a. Whenever a hearing is requested, the parent(s) or adult student or Early Light Academy Charter School involved in the dispute must have an opportunity for an impartial due process hearing.
    - b. Early Light Academy Charter School is responsible for arranging the expedited due process hearing with the State Director of Special Education, which must occur within 20 school days of the date the complaint requesting the hearing is filed. The hearing officer must make a determination within ten school days after the hearing.
    - c. Unless the parent(s) or adult student and Early Light Academy Charter School agree in writing to waive the resolution meeting, or agree to use mediation:
      - 1) A resolution meeting must occur within seven calendar days of receiving notice of the due process complaint; and

- 2) The due process hearing may proceed unless the matter has been resolved to the satisfaction of both parties within 15 calendar days of the receipt of the due process complaint

d. The decisions on expedited due process hearings are appealable.

I. PLACEMENT DURING APPEALS. 34 CFR§300.533; USBE SER V.I.

When an appeal through a due process complaint has been made by either the parent(s) or adult student or the LEA, the student must remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the time period specified, whichever occurs first, unless the parent(s) or adult student and the SEA or LEA agree otherwise.

J. PROTECTIONS FOR STUDENTS NOT DETERMINED ELIGIBLE FOR SPECIAL EDUCATION OR SPECIAL EDUCATION AND RELATED SERVICES. 34 CFR USBE SER V.J.

1. A student who has not been determined to be eligible for special education or special education and related services under Part B of the IDEA, and who has engaged in behavior that violated a code of student conduct, may assert any of the protections provided for in this part if Early Light Academy Charter School had knowledge that the student was a student with a disability before the behavior that precipitated the disciplinary action occurred.
2. A Charter School must be deemed to have knowledge that a student is a student with a disability if, before the behavior that precipitated the disciplinary action occurred:
  - a. The parent(s) of the student expressed concern in writing to supervisory or administrative personnel of the appropriate Charter School, or a teacher of the student, that the student is in need of special education or special education and related services;
  - b. The parent(s) of the student requested an evaluation of the student; or
  - c. The teacher of the student, or other personnel of Early Light Academy Charter School, expressed specific concerns about a pattern of behavior demonstrated by the student directly to the director of special education of Early Light Academy Charter School or to other supervisory personnel of Early Light Academy Charter School.
3. A Charter School would not be deemed to have knowledge that a student is a student with a disability if:
  - a. The parent(s) of the student:
    - 1) Has not allowed an evaluation of the student; or
    - 2) Has refused services under this part; or

- b. The student has been evaluated in accordance with and determined to not be a student with a disability under Part B of the IDEA.
- 4. If a Charter School does not have knowledge that a student is a student with a disability prior to taking disciplinary measures against the student, the student may be subjected to the disciplinary measures applied to students without disabilities who engage in comparable behaviors.
  - a. If a request is made for an evaluation of a student during the time period in which the student is subjected to disciplinary measures, the evaluation must be conducted in an expedited manner.
    - 1) Until the evaluation is completed, the student remains in the educational placement determined by school authorities, which can include suspension or expulsion without educational services.
    - 2) If the student is determined to be a student with a disability, taking into consideration information from the evaluation conducted by Early Light Academy Charter School and information provided by the parent(s) or adult student, Early Light Academy Charter School must provide special education or special education and related services.

**K. REFERRAL TO AND ACTION BY LAW ENFORCEMENT AND JUDICIAL AUTHORITIES. 34 CFR §300.535; USBE SER V.K.**

- 1. Nothing in Part B of the IDEA prohibits a Charter School from reporting a crime committed by a student with a disability to appropriate authorities or prevents State law enforcement and judicial authorities from exercising their responsibilities with regard to the application of Federal and State law to crimes committed by a student with a disability.
- 2. Transmittal of records.
  - a. A Charter School reporting a crime committed by a student with a disability must ensure that copies of the special education and disciplinary records of the student are transmitted for consideration by the appropriate authorities to whom the LEA reports the crime.
  - b. A Charter School reporting a crime under this section may transmit copies of the student's special education and disciplinary records only to the extent that the transmission is permitted by the Family Educational Rights and Privacy Act.

**VI. STUDENTS WITH DISABILITIES IN OTHER SETTINGS.**

**A. PRIVATE SCHOOL PLACEMENTS BY LEAs. 34 CFR §300.325; USBE SER VI.A.**

- 1. Developing IEPs.
  - a. Before Early Light Academy Charter School places a student with a disability in, or refers a student to, a private school or facility, Early Light Academy

must initiate and conduct a meeting to develop an IEP for the student in accordance with Part B of the IDEA and these Rules.

- b. Early Light Academy Charter School ensures that a representative of the private school or facility attends the meeting. If the representative cannot attend, Early Light Academy Charter School uses other methods to ensure participation by the private school or facility, including individual or conference telephone calls.
2. Reviewing and revising IEPs.
    - a. After a student with a disability is placed in a private school or facility, any meetings to review and revise the student's IEP may be initiated and conducted by the private school or facility at the discretion of Early Light Academy Charter School.
    - b. If the private school or facility initiates and conducts these meetings, Early Light Academy Charter School must ensure that the parent(s) and a Charter School representative:
      - 1) Are involved in any decisions about the student's IEP; and
      - 2) Agree to any proposed changes in the IEP before those changes are implemented.
  3. Even if a private school or facility implements a student's IEP, responsibility for compliance with this part remains with Early Light Academy Charter School and the USBE.
  4. Residential placement. 34 CFR §300.104; USBE SER VI.A.4.

If placement in a public or private residential program is necessary to provide special education and related services to a student with a disability, the program, including non-medical care and room and board, must be at no cost to the parent(s) of the student.

**B. STUDENTS WITH DISABILITIES ENROLLED BY THEIR PARENTS IN PRIVATE SCHOOLS WHEN FAPE IS AT ISSUE. 34 CFR §300.148; USBE SER VI.C.**

1. A Charter School is not required to pay for the cost of education, including special education and related services, of a student with a disability at a private school or facility if Early Light Academy Charter School made a FAPE available to the student and the parent(s) elected to place the student in a private school or facility.
2. Disagreements between the parent(s) and Early Light Academy Charter School regarding the availability of a program appropriate for the student, and the question of financial reimbursement, are subject to the State complaint and due process procedures in USBE SER IV.G.R.
3. If the parents of a student with a disability, who previously received special education and or special education and related services under the authority of Early Light

Academy Charter School, enroll the student in a private preschool, elementary school, or secondary school without the consent of or referral by Early Light Academy Charter School, a court or a hearing officer may require Early Light Academy Charter School to reimburse the parent(s) for the cost of that enrollment if the court or hearing officer finds that Early Light Academy Charter School had not made a FAPE available to the student in a timely manner prior to that enrollment and that the private placement is appropriate. A parental placement may be found to be appropriate by a hearing officer or a court even if it does not meet the State standards that apply to education provided by the USBE and Early Light Academy Charter School.

4. The cost of reimbursement may be reduced or denied if:
  - a. At the most recent IEP Team meeting that the parent(s) attended prior to removal of the student from the public school, the parents did not inform the IEP Team that they were rejecting the placement proposed by Early Light Academy Charter School to provide a FAPE to their student, including stating their concerns and their intent to enroll their student in a private school at public expense; or
  - b. At least ten (10) business days (including any holidays that occur on a business day) prior to the removal of the student from the public school, the parent(s) did not give written notice to Early Light Academy Charter School of the information described in VI.C.4.a;
  - c. Prior to the parent(s)' removal of the student from the public school, Early Light Academy Charter School informed the parent(s), through the written prior notice requirements of its intent to evaluate the student (including a statement of the purpose of the evaluation that was appropriate and reasonable), but the parent(s) did not make the student available for the evaluation; or
  - d. Upon a judicial finding of unreasonableness with respect to actions taken by the parent(s).
5. Notwithstanding the requirements for parent(s) to provide notice to Early Light Academy Charter School prior to removal of the student, the cost of reimbursement:
  - a. Must not be reduced or denied for failure to provide the notice if:
    - 1) The school prevented the parents from providing the notice;
    - 2) The parents had not received written prior notice of the notice requirement in USBE SER VI.C.4.a–b; or
    - 3) Compliance with the notice requirements in USBE SER VI.C.4.a–c would likely result in physical harm to the student; and
  - b. May, in the discretion of the court or a hearing officer, not be reduced or denied for failure to provide this notice if:
    - 1) The parent(s) are not literate or cannot write in English; or
