

Early Light Academy
Policy: Repeated Course Policy
Adopted: November 20, 2015

Policy

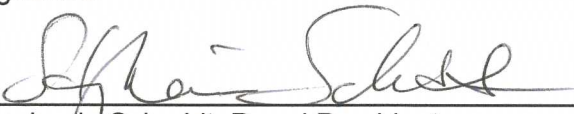

If a student receives a passing grade in a course, they may repeat the same course. In this situation:

(a) The student will be given general elective credit for the second course so that taking the course a second time will not fulfill any required courses for graduation other than elective credit.

(b) Both the grade received in the course the first time and the grade received the second time are included in calculating the student's grade point average unless agreed upon by all parties and noted in the student's SEOP.

If a student chooses to retake a course in which they did not receive a passing grade, they will receive full credit for passing the course on retake, but the original failing grade will remain for purposes of calculating the student's grade point average.
